

Exness Facebook Posts – One Week Sample

Post 1

Ever since Trump was sworn in as President, the #USD has been on an upswing. #Democrats taking control of the House, dealt a serious blow to #TrumpTactics which may be good in the long term, but we are likely to see political turbulence ahead. The #Greenback could remain under pressure this week.

Action Packed Day Ahead

We have a packed economic calendar tomorrow. Australia will reveal its Consumer Confidence Index. The Q3 GDP growth figures will be released by Japan, Germany and the Eurozone, and a slowdown is expected for all regions. Britain and the US will announce their inflation rates.

Watch Out for a Whipsaw!

The #AUD has developed a tendency to spike and free fall. Its highly sensitive to most triggers. So, look out for the unemployment rate announcement. Expectations call for a rise to 5.3% in October, from 5% in September. Will this erase the optimism fueled by last week's RBA projections of declining unemployment and accelerating GDP rates?
